

Natalia, 12 years old from Poland, doesn't let anything stop her from helping others. Just like Moana from Disney's *Moana*, Natalia regularly takes on challenges while continuing her fight with cancer, to help make a difference for others.

Natalia has always been in close contact with The Herosi Foundation since she was a patient. She has demonstrated acts of kindness by making various artistic works (medals, water colours, figurines, pictures) that were then auctioned to raise funds to support the treatment of other little patients, like her.

When Natalia spent time in the ward, she supported other children, through friendly conversations, often making small gifts for them, such as earrings, bracelets and felt ornaments to surprise them and bring joy. She also was helping to raise funds so the foundation could purchase the NEOPROBE gamma camera (medical equipment for diagnostics). Her acts demonstrate her courage and kindness.

Natalia was supported by The Herosi Foundation, a public benefit organisation that helps children with cancer. They create lasting moments for children, through their activities such as photoshoots, fashion shows for patients and more it creates unforgettable moments for children. To find out more about The Herosi Foundation, please visit the organisation's website: <http://herosi.eu/>

To find out more about how Disney supports organisations like The Herosi Foundation and therefore brings comfort, inspiration and opportunity to children and young people across the globe, please visit our website: <https://thewaltdisneycompany.eu/>
